

Academic Talent Search: School Testing Information List – The ATS Qualifying Exam (*College Ability Test*)

The following school list is in alphabetical order by school name.

This list is subject to change as we continue to confirm testing arrangements with interested schools. It will be updated periodically to reflect changes in test status or dates. Refer to the top of the list for the date it was last updated.

ATS offers different types of testing opportunities:

1. ATS may send a proctor to administer an exam at a school site.
2. ATS may arrange to mail testing materials to a school site so that the exam can be administered by a school official (at a date and time determined by the school).
3. For students unable to take the exam at their school site, the test is also available at the Sac State campus on select Saturdays. Contact the ATS office to sign up for one of the following campus test dates: February 11, February 25, March 3, and March 17.
4. Students unable to attend any of the above testing opportunities may contact the ATS office for information about alternative arrangements.

If your student attends a school in one of the following districts and you are unable to locate the school name on the list, please refer to the district's name on the list and the information provided.

- Folsom Cordova USD
- Roseville City SD
- Vacaville USD
- Woodland JUSD

Please contact the ATS office at (916) 278-7032 or email ats@csus.edu with any questions and for more detailed information about testing.
